

YOUR NEW CIGNA PHARMACY BENEFITS

Five steps to take before your new plan starts

Welcome! We're excited to be managing your pharmacy benefits, and look forward to helping you with your health and prescription medication needs. We want to help make the move to Cigna as smooth as possible. Here are five important steps you can take now so you're ready when your new plan starts – and avoid surprises at the pharmacy.

1 Refill your prescription(s) before your current plan ends

This will help make sure you have enough medication at home while you're moving to your new Cigna pharmacy plan.

2 See how your medication will be covered under your Cigna pharmacy plan

To view your new drug list before your Cigna plan starts, go to [Cigna.com/PDL](https://www.cigna.com/PDL). There, you can see if your medication is covered, what tier it's covered on, and if there are any extra requirements before your plan will cover it.

For example, if your medication has a **PA** or **ST** next to it, your medication will need approval from Cigna before it can be covered. If it has a **QL** or **AGE** next to it, your medication may need approval.

If your medication needs approval, here's what you need to do:

- **Make sure you got your new Cigna ID card in the mail.** Your doctor's office will need the information listed on the card.

- **Call your doctor's office.** Have your ID card handy when you call.

- Let your doctor's office know **you've switched to Cigna**, and give them your new insurance information.
- Then, let them know that **your current medication needs approval** from Cigna before it can be covered.
- Ask them to **contact Cigna as soon as possible** so we can start the coverage review process. They know how the review process works and will take care of everything for you. In case your doctor's office asks, they can download a request form from Cigna's provider portal at [cignaforhcp.com](https://www.cignaforhcp.com).

Cigna will review information your doctor provides to make sure your medication meets coverage guidelines. We'll send you and your doctor a letter with next steps. It can take between **1-5 days to hear from us**. You can always check with your doctor's office to find out if a decision's been made.

Together, all the way.®
